

DEAR COLLEAGUES,

Welcome to the Spring 2025 Newsletter of the European Journal of Mental Health!
Stay updated with our latest achievements, research highlights, and calls for collaboration.

ACHIEVEMENTS & GROWTH

★ EJMH Ranked Q3 in 2024 Scimago Journal Ranking!

We are proud to announce our Q3 status following our 2023 Impact Factor.
This is a major milestone in our ongoing journey of renewal and growth since 2022.

International Board

We welcomed five new Board members (from Costa Rica, Hungary, India, Peru & Portugal) and two new editorial office members in 2025.

[🔗 Meet them here](#)

 **Special Call Update:** [The Special Call on Family Therapy and Family Studies](#) received 12 manuscripts with 4 published and 1 in progress.

Read about the Hungarian validation of the Coparenting Relationship Scale (CRS) by Attila Pilinszki, Erzsébet Bata, Anna Demjén, Judit Gervai, and Ildikó Danis, and the **perspective articles** of the field's specialists:

- *Artificial Intelligence (AI) in the Family System: Possible Positive and Detrimental Effects on Parenting, Communication and Family Dynamics* by Máté Bence Szondy and Ágnes Magyary
- *The Marriage and Family Therapy Practice Research Network: Current Findings and a Call for Collaboration* by Lee N. Johnson, Shayne R. Anderson, Kaelie N. Wagner
- *Using the Woolley Motivation Typology to Heal Infidelity With Emotionally Focused Therapy* by Scott R. Woolley, Réka Koren
- *Navigating Global Family Diversity: Theory, Research, and Implications for Policy – A Narrative Review* by Spencer James

 Let's keep the conversation going!

Follow us on [LinkedIn](#) to see featured articles, join discussions, and share your work.

 *Coming soon:* We're launching our **Facebook and Instagram pages** – stay tuned for more channels to connect and grow the EJMH community!

Submit Your Work to the EJMH

Do you or your colleagues have new research ready to share?
We're currently seeking submissions in the following areas:

- Socio-ecological factors in the development of mental health problems
- Vulnerability and stress across the life span
- Risk and protective factors for mental health and well-being
- Developmental psychopathology and resilience
- The impact of physical, built, and social environments on mental health
- Social media, gaming, and digital technology's effects on mental health
- Mental health and aging, long-term care challenges, and more

Submit your work to ejmh-editor@semmelweis.hu and contribute to advancing mental health research across Europe and beyond!

Thank you for being part of the EJMH community!

Best regards,
The Editorial Office of the EJMH
